

I, me, myself and the social networks

Préface

Dans le cadre d'un échange franco-polonais scolaire, nous avons travaillé durant trois ans sur le thème de l'Image sous toutes ses formes. La première année, année de découverte, nous nous sommes axés sur la culture, l'histoire, la géographie ainsi que la langue polonaise. Lors de la deuxième année, nous avons travaillé sur les stéréotypes par le biais du stop-motion accompagnés par Isabel SAIJ et Jean-Pierre DUBOIS. Enfin, lors de la troisième année, nous avons travaillé sur la bande dessinée supervisés par le dessinateur Matthieu RODA. En parallèle, nos correspondants polonais ont travaillé sur la même thématique.

Après avoir étudié aux Beaux-Arts, Matthieu Roda a rejoint le collectif Nekomix et a participé à des expositions. Ensuite, il devient professeur d'arts plastiques. En même temps, il publie les bandes dessinées Râ & C^{ie}. Depuis peu, il se consacre entièrement au dessin et, parfois, anime des ateliers de bande dessinée.

Matthieu Roda est intervenu pour nous aider dans la création de bandes dessinées sur le thème des réseaux sociaux. Il a pu nous apprendre les bases du dessin qui nous ont permis de concevoir nos propres personnages et nos histoires.

Nous remercions l'association ArMulETe de nous avoir rendu l'expérience possible.

Nous vous laissons maintenant découvrir nos œuvres en espérant que vous prendrez autant de plaisir à les lire que nous en avons eu à les concevoir.

As part of the Erasmus + project between Polish and French students, we worked on the topic of the image in all its forms. The first year was a time for us to discover the theme. We focused on Polish culture, history, geography and language. The second year, we worked on stereotypes using stop-motion videos. We were helped by Isabel Saij and Jean-Pierre Dubois who taught us how to shoot short films and write storyboards. Finally, the third year, we worked on comics with the help of Matthiew Roda. Simultaneously, our Polish pals worked on the same topics.

Matthieu Roda joined Nekomix group once he had finished his Art studies. He participated to many exhibitions. Then he became an Art teacher. Meanwhile, he created a comic book entitled *Ra & Co* and illustrated some magazines for the youth. Recently, he has decided to focus his work on his comic book and to animate some workshops on comics.

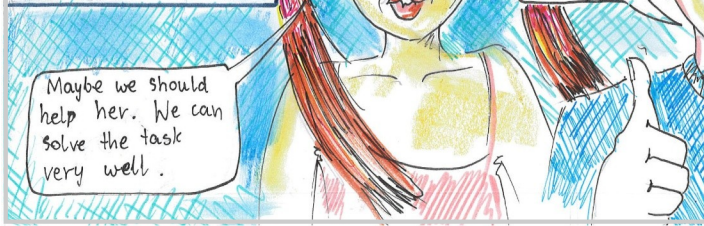

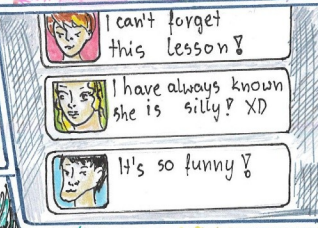

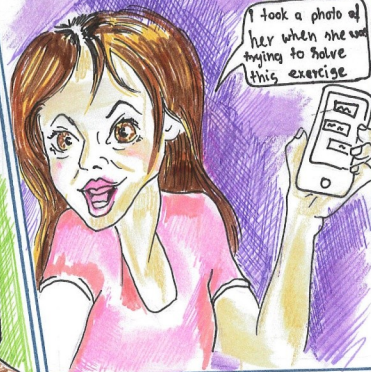

Matthieu Roda helped us to create our comic book based on the social networks. He taught us the basics of drawing. Therefore, we were able to draw, design and write our own characters and stories.

We are so grateful for the association ArMulEte to make the experience possible.

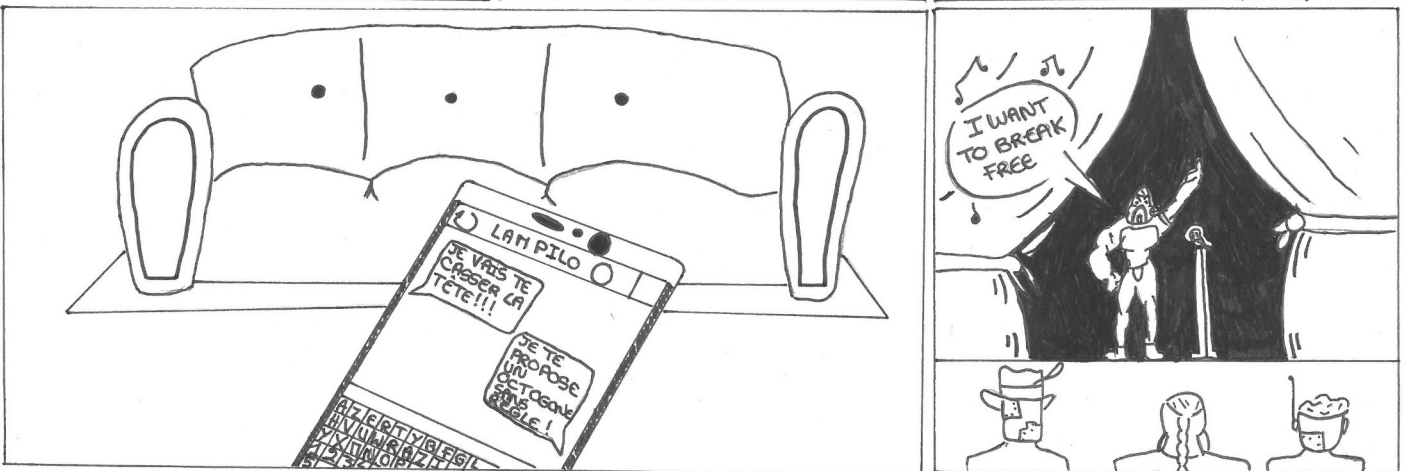

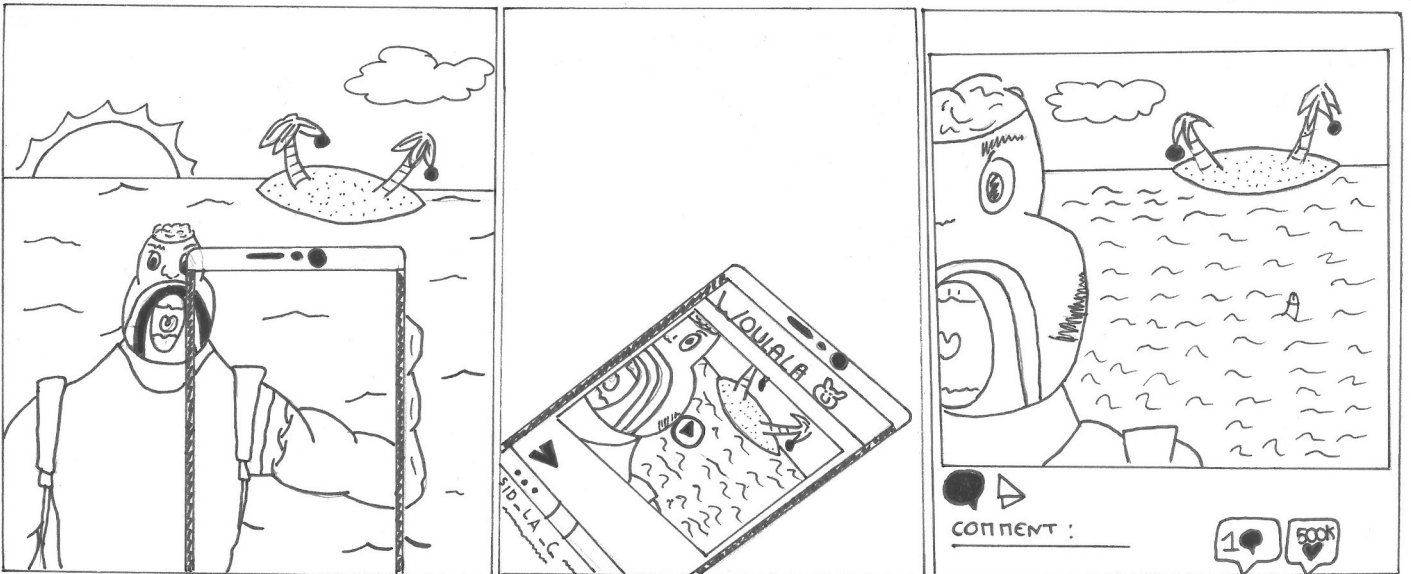

We let you now discover our works and we hope you will have as much pleasure to read them as we had to create them.

Les désastreuses histoires de Lacid

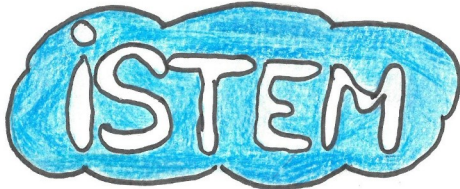

Je vais vous raconter les aventures de Lacid, un enfant de 9 ans

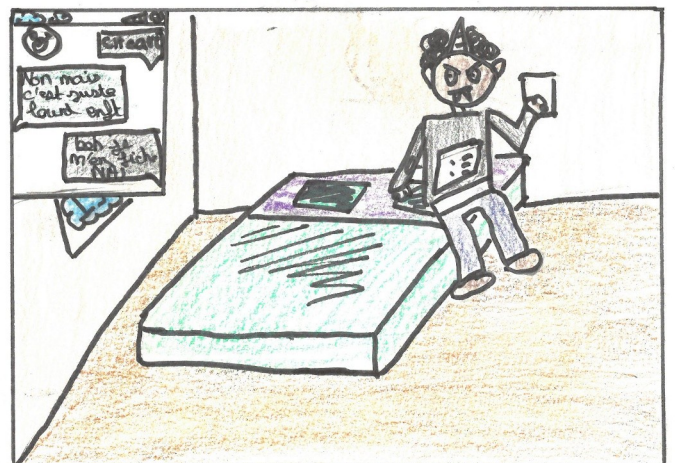

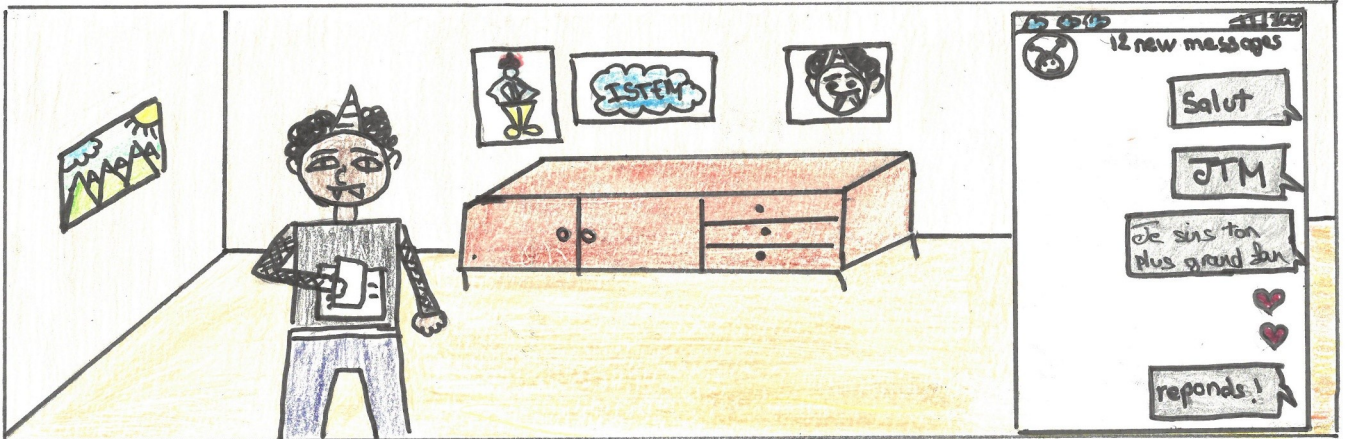

Lacid, contre l'interdiction de ses parents, crée un compte sur le réseau social ISTEM

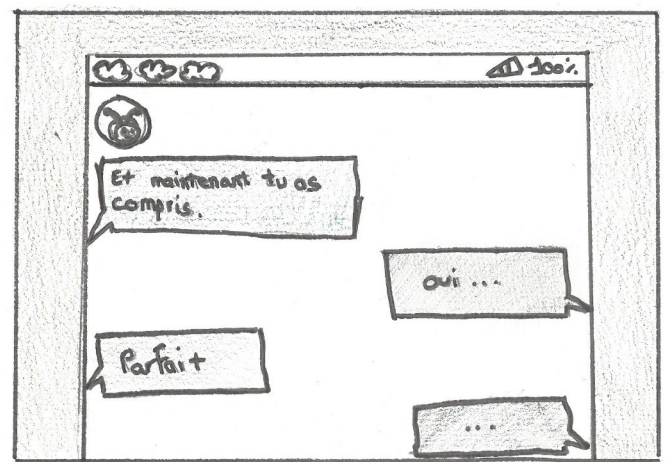

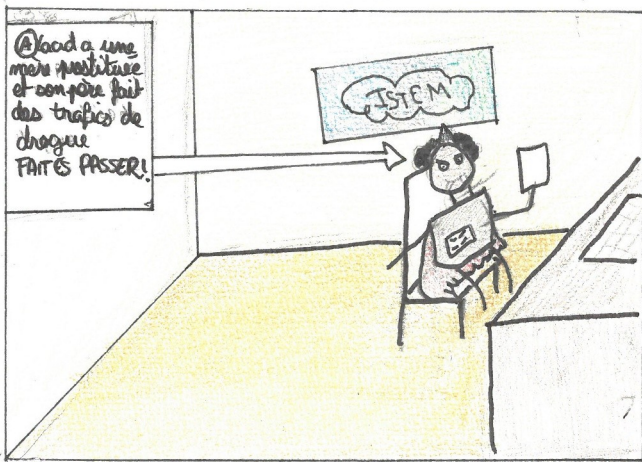

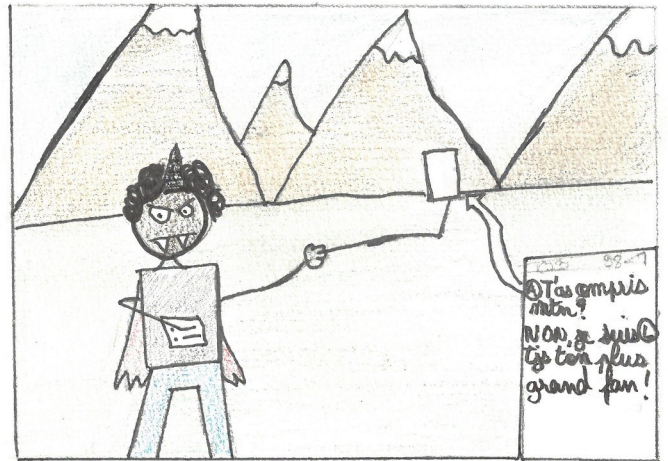

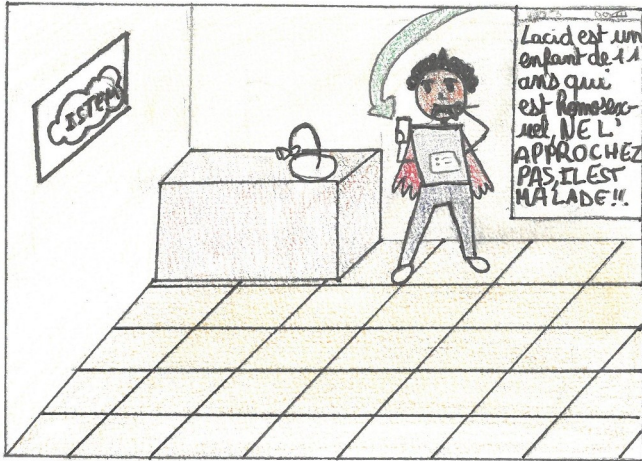

Lacid va être confronté(e) aux problèmes d'internet

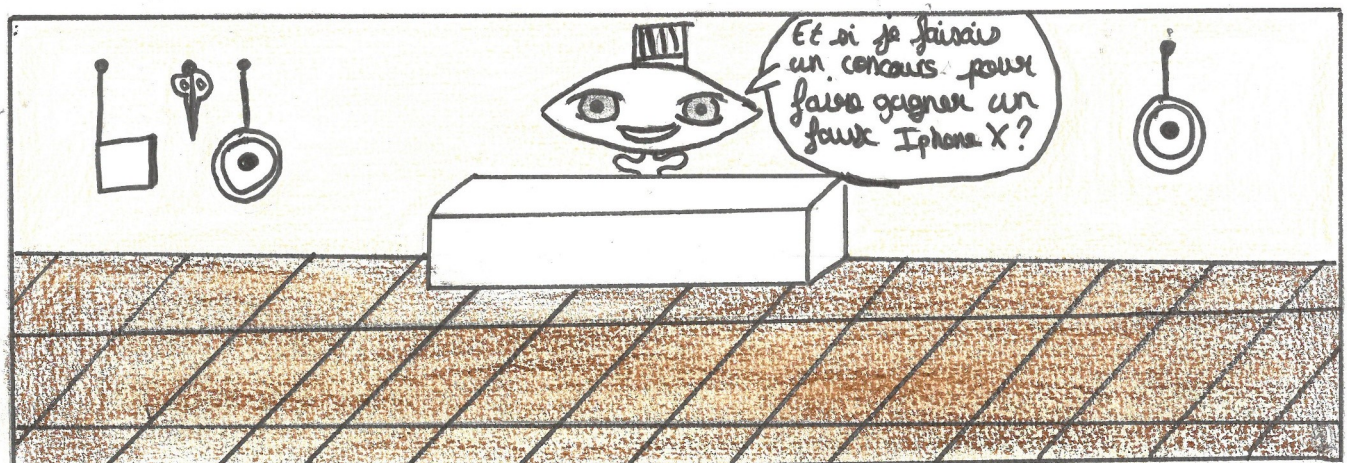

Lacid est fan de Toby, un influenceur très connu d'ISTEM. Il l'espionne, le suis partout, le harcèle et lui envoie des messages sans arrêt.

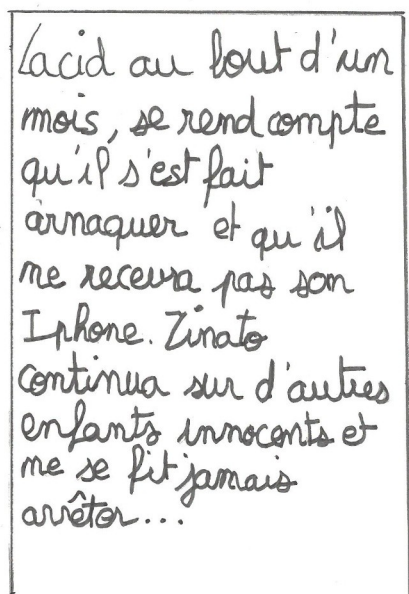

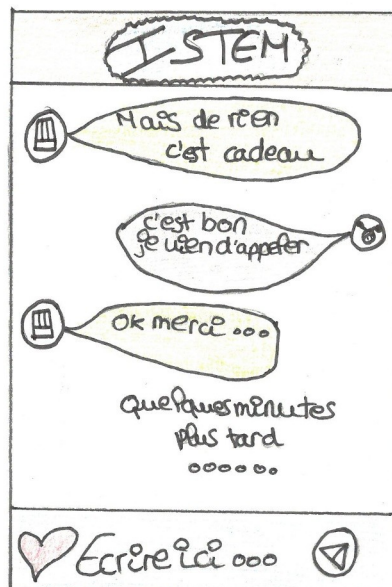

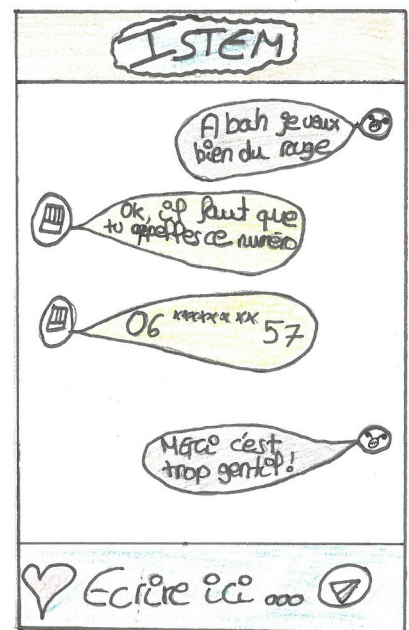

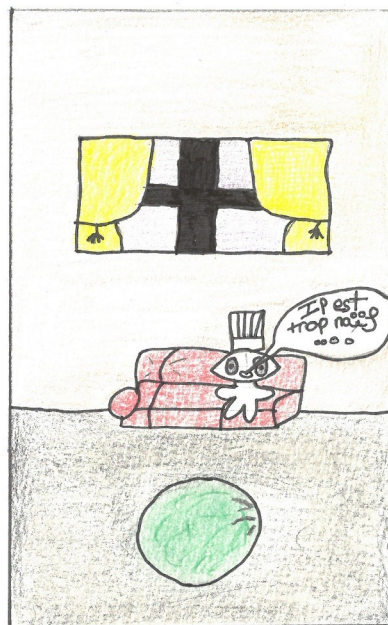

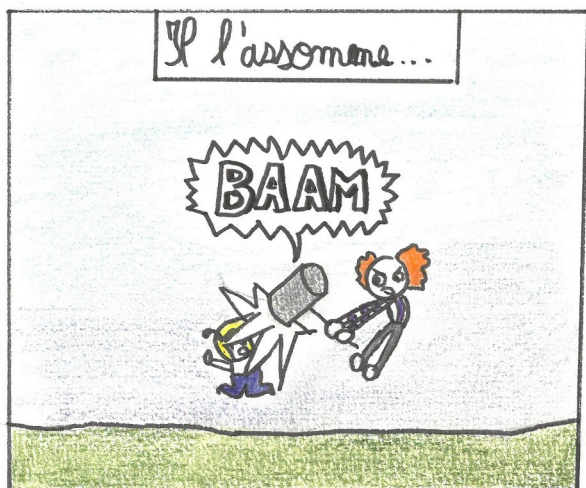

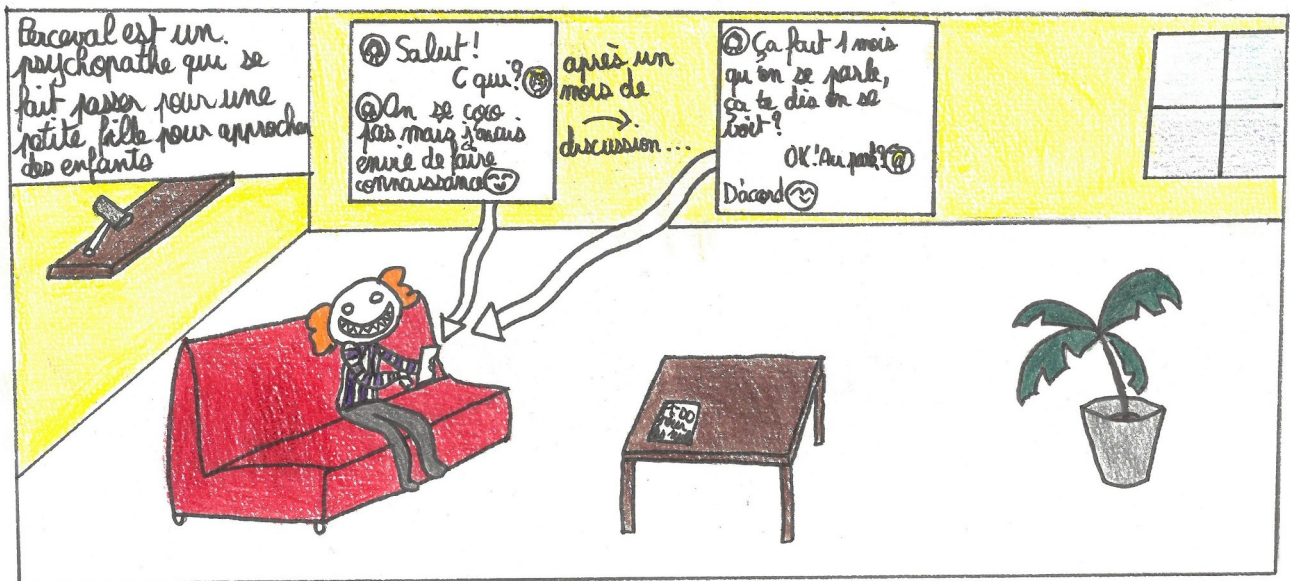

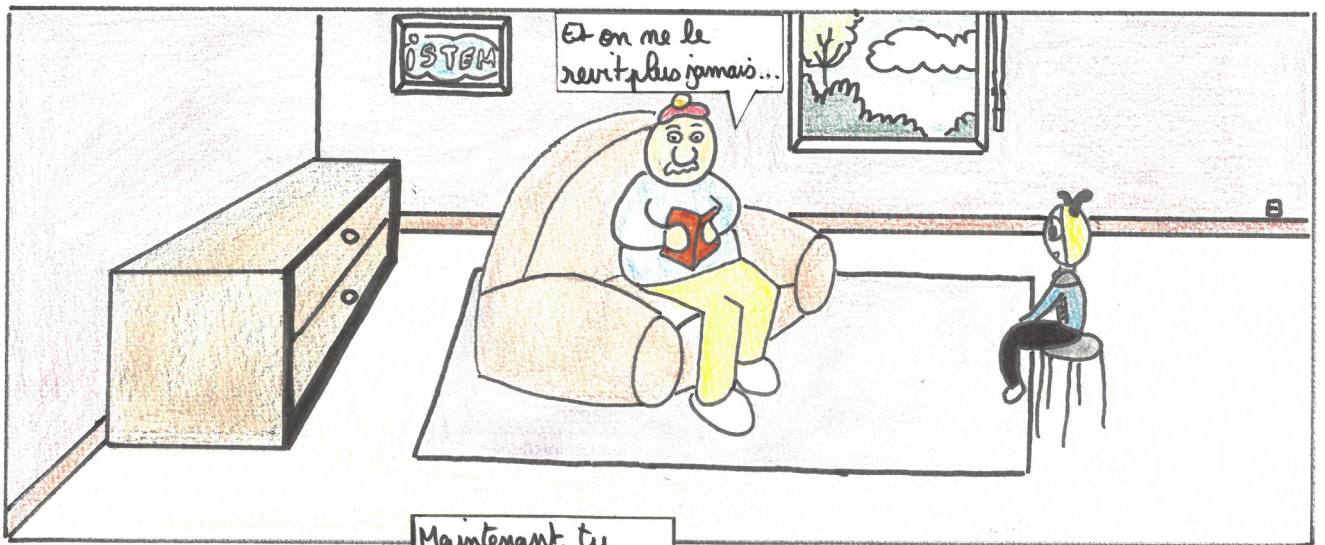

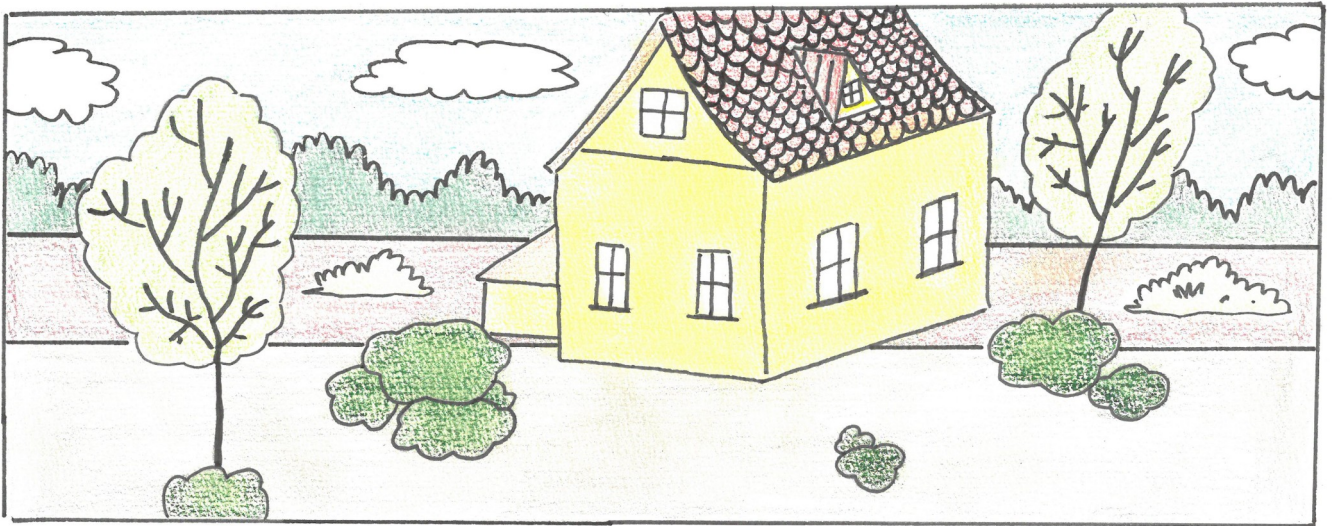

Lacid se fit harceler à l'école à cause des diffamations de son ancienne idole Toby.

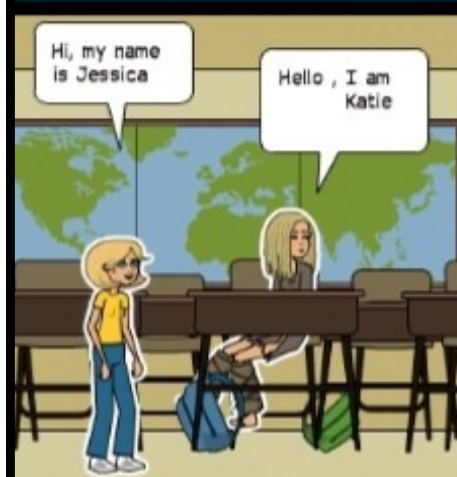

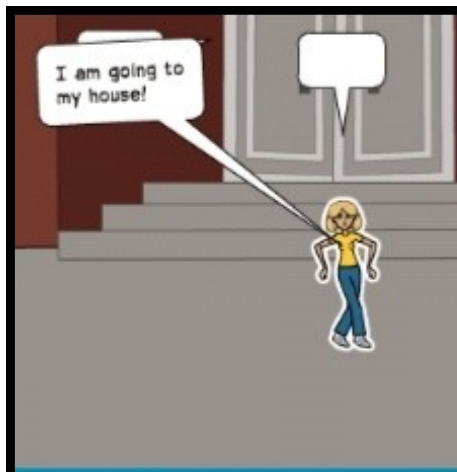

Mais malheureusement, Lacid n'en était pas au bout des ses peines :

This is how social medias ~~destroy~~ our self confidence, lower our self worth and make us feel left out and lonely. We have to realize that the life that people publish is not the life they actually have. ~~No one~~ is perfect.
